<https://brandonlundell.azurewebsites.net/>

INFORMATION AND PROTOCOLS:

- **Case Studies and Treatment Protocols – Learn how Dr. Lundell runs his clinic and treats his patients from day one.**
- **Indispensable tips on the day-to-day workings of a FM clinic - utilizing the latest telemedicine and in-person best practices.**
- **Learn how to use supplements and what they are actually doing in the body so you can apply this knowledge to all your patients.**
- **Which lab tests to run, how to interpret them and how to put together a complete treatment regimen that is second to none.**
- **5 actual case studies will include up-to-date information on how to address fatigue, brain fog, fertility, hormonal imbalances, epigenetic modifications, gastro issues such as SIBO and H. Pylori, chronic pain, and neurodegeneration, as well as how to take an average person and help them RADIATE health!**
- **A good doctor knows what to do...a great doctor knows WHY! Sharpen your critical thinking skills and learn to think like a Great Doctor.**

Walk through the step-by-step process of treatment/protocols as Dr. Brandon Lundell thoroughly addresses each of Five Case Studies and defines everything implemented for healing

If you are wanting to optimize structural and functional integrity of the cell, spine, organs, and biochemical pathways that are integral to health and well-being, this class is for you!

Get a feel for what it's like to shadow one of the icons of Functional Medicine and Chiropractic Internists (DABCI Instructor)!

Nutrition to include the top nutrients, herbs, foods, supplements with diet recommendations for each case study. **Lab tests** include all appropriate blood testing, GI panels, food allergy, neurotransmitters, hormones, amino acids, methylation profiles, microbiota ratios, toxicity testing, nutrient depletion etc. or whatever is indicated for each particular case.

Lifestyle counseling includes evidence-based information and any protocols or modalities that were successful in treatment of this patient, including exercise, meditation, chiropractic adjustments, HBOT, cold laser, IV nutrition, etc.

“A Day in the Life”
