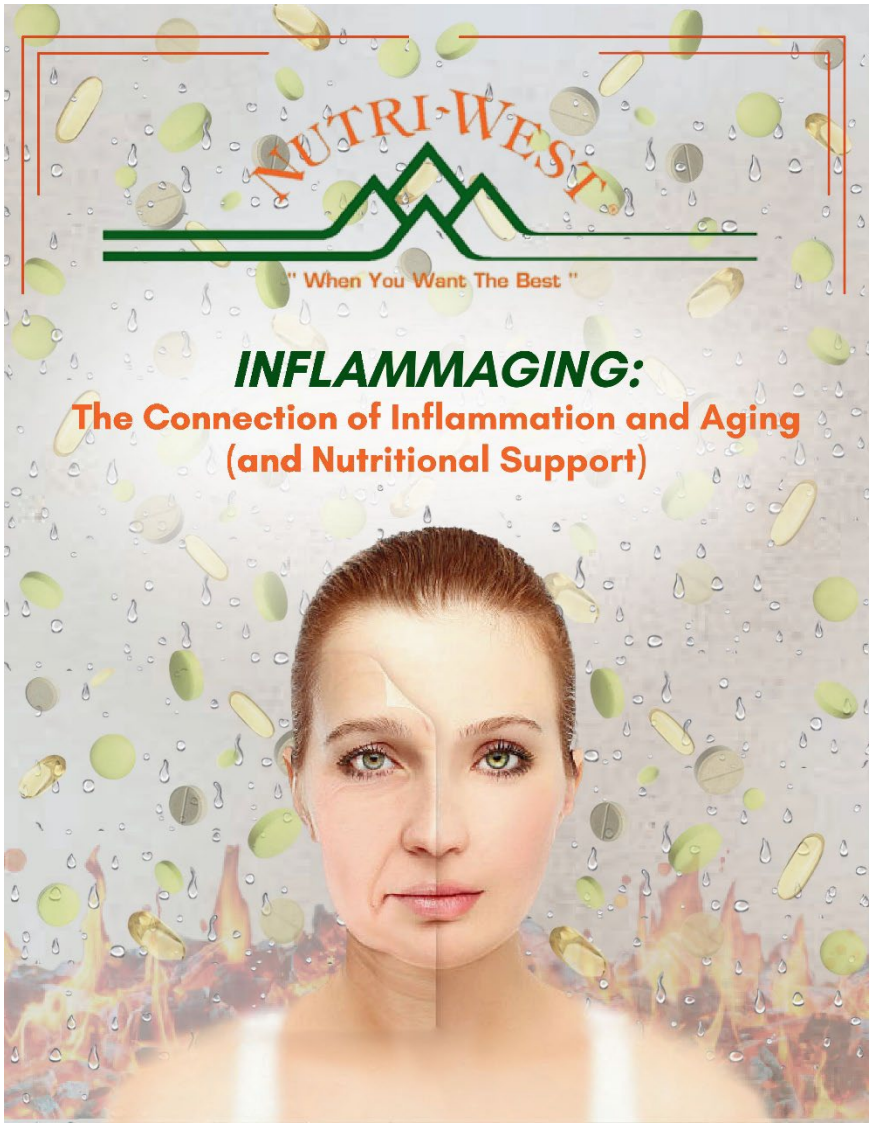
# 2027 Nutri-West Annual Symposium



## JANUARY 29 - 31, 2027

**Venue8600**
**8600 E Anderson Dr**
**Scottsdale, AZ 85255**

## SEVEN EXPERT SPEAKERS JOIN THE 2027 LINEUP!

**DAN MURPHY, DC** **Friday, January 29, 2027**

Dr. Murphy is very well known as an international speaker and authority on chiropractic and nutrition. He will share recent revelations in the field of inflammaging with his unique insight and brilliant correlations, and guide to recovery with protocols.

**STEPHAN EDISS, DC** **Friday, January 29, 2027**

Dr. Ediss incorporates the latest research, and Dr. Murphy's lecture into extremely practical applications of inflammaging to apply Monday morning. With Dr. Ediss's superb comprehension of the body's reflex points, injury recall, and deep tendon reflexes, he demonstrates the protocols needed for support.

**RICHARD BELLI, DC** **Saturday, January 30, 2027**

Former president of the ICAK, Dr. Belli presents recent and relevant correlations of inflammaging to applied kinesiology, translating everything to take home pearls of practicality. Learn how to test for it, how to address it, and how to support it.

**BRANDON BROCK, DC** **Saturday & Sunday, January 30-31, 2027**

Dr. Brock has several diplomates, including a Diplomate in Functional Neurology and Nutrition. He received Most Outstanding Functional Neurology Teacher of the year from the ACA council of Neurology five years straight and provides intuitive information on inflammaging.

**JARED ALLOMONG, DC** **Saturday, January 30, 2027**

Expert Dr. Allomong will present distinctive, easy and methodical ways to approach support protocols by interpreting data through analysis, symptomology, and reflex testing.

**LYNN TOOHEY, PHD** **Saturday & Sunday, January 30-31, 2027**

Dr. Toohey has a PhD in nutrition and focuses on senescent cells and microplastics (and other toxins) that contribute to inflammaging and age us before our time, including nutritional protocols.

**TREVOR BERRY, DC** **Sunday, January 31, 2027**

Dr. Berry presents a cutting-edge look at how low-level laser and adjunctive nutritional therapy can work together to support the cycle of inflammaging at its biological roots, affecting mitochondrial efficiency, inflammatory pathways, and neural function.

## *"INFLAMMAGING"*

**Explore the intersection of nutrition, immunology, and longevity and how chronic inflammation drives cellular aging. Discover how targeted nutrition and other protocols support the cellular pathway.**

* **Relax and enjoy the warm winter air in sunny Scottsdale, AZ**

* **CEUs offered for most states (DCs) *(Check for your state below)***

* **Dan Murphy, DC for Research AND Documentation**
  **Followed by amazing presentations by:**
  - **Stephan, Ediss, DC - Practical Application Expert**
  - **Richard Belli, DC - Neurology Expert and Former ICAK President**
  - **Brandon Brock, DC - Neurology and Neurochemistry Expert**
  - **Jared Allomong, DC – Functional Methylation Expert**
  - **Lynn Toohey, PhD (Nutrition) – Nutrition Expert**
  - **Trevor Berry, DC - Functional Neurology, Brain Health Expert**

## 22 CE CREDITS –

## INCLUDES 2 HOURS DOCUMENTATION
