Prepare to have the light
bulbs turned on!

Longevity, Cognition, Neural
and Fascial Connections!

Dr. Dan Murphy, who always has his finger on the pulse of what's new in the field of chiropractic and nutrition, brings unique and recent revelations about longevity, nutrition and optimal protocols for brain injury to this seminar!

Dr. Stephan Ediss brings connections to the inner workings of "Fascia, the Central Integrative System and the Vagus Nerve".

Fascia "holds us together", but what about the discoveries Dr. Ediss reveals about the connections of fascia to proprioception and nociception, sensing pressure, temperature and movement?

Dr. Dan speaks Fri. and Sat. a.m.; Panel discussions follow where Drs. Dan & Steve will then troubleshoot Q's and cases from science and technique viewpoints!

Dr. Steve continues through Sat. & Sun a.m. with practical applications & adjustments.
